Item 4 Services, Fees and Compensation

The Adviser's Comprehensive Investment Advisory Program ("Wrap Program") is an advisory program that bundles high net worth investment advisory services with brokerage services for a consolidated fee.

Wrap Program Services

The Wrap Program offers continuous management of client accounts ("Account(s)") on a fully discretionary basis making all security purchase and sale decisions. Securities transactions are executed through the Adviser's brokerage affiliate, RIM Securities LLC ("RIM"), a member of the Financial Industry Regulatory Authority ("FINRA"). Clients participating in the Wrap Program are required to direct the use of RIM as their broker-dealer. RIM clears all of its transactions on a fully disclosed basis through Pershing LLC ("Pershing"), but separate commissions are not charged for securities transactions under the Wrap Program. Pershing also serves as the custodian for all client Accounts that participate in the Wrap Program. Pershing provides account insurance coverage through the Securities Investor Protection Corporation ("SIPC") of up to \$500,000, including up to \$250,000 in cash. Additionally, Pershing has obtained excess account protection of up to an overall aggregate level of \$1 billion, including up to \$1.9 million in cash through certain underwriters in Lloyd's of London insurance market and other commercial insurers.

In addition to actively managing client accounts, the Wrap Program offer assistance to clients in setting investment objectives, as well as determining appropriate asset allocations. A variety of investment styles may be employed, with client consultation, with a view toward establishing the investment style most appropriate for the client's investment objectives. Nevertheless, there can be no guarantee that a client's objectives will be achieved.

The Wrap Program also offer the following services and reports:

- a) Meetings with the Adviser's portfolio managers;
- b) Confirmations provided by RIM through Pershing of all purchases and sales in the Account;
- c) Monthly statements provided by RIM through Pershing showing activity in the Account, securities held and month-end valuations;
- d) Detailed quarterly reports provided by City National Rochdale showing securities held and Account performance;
- e) A comprehensive year-end tax information statement (1099B, Div, Int.) provided by Pershing; and such other reports or information that clients may reasonably request.

Fee Schedules for City National Rochdale Wrap Program

The Adviser's fee for its services under the Wrap Program is based upon the market value of the assets in the Account determined as of the close of business on the last business day of the previous calendar quarter. Fee arrangements relating to the Wrap Program, including the applicable fee schedule, are set forth below.

Annual Asset Value	*Advisory Fee Portion of Wrap	Annual Asset Value	**Transaction Fee Portion of Wrap
First \$750,000 to \$1,000,000	1.00%	\$750,000 to \$1,000,000	0.19%
Next \$1,000,000 to \$2,000,000	1.00%	\$1,000,000 to \$2,000,000	0.14%
Next \$2,000,000 to \$3,000,000	0.80%	\$2,000,000 to \$3,000,000	0.14%
Next \$3,000,000 to \$5,000,000	0.80%	\$3,000,000 to \$5,000,000	0.09%
Next \$5,000,000 to \$10,000,000	0.60%	\$5,000,000 to \$10,000,000	0.07%
Next \$10,000,000 and above	0.50%	\$10,000,000 and above	0.05%

*The investment management fee hereof is based on a tiered schedule (cumulative). Therefore, at each level you will be charged the respective fee listed (e.g. on your first \$2 million you will be charged 1.00%, on the next \$3 million you will be charged 0.80% etc.).

**The transaction fee, although based on assets, is not based on a tiered schedule but fixed with respect to the aggregate assets in the Account. Therefore, if your account value is under \$1 million, you will be charged 0.19%, if your account value is \$1 million to \$2 million, you will be charged 0.14% on the entire account and so forth.

Under certain circumstances, the fees shown may be negotiated on a case-by-case basis and may be different from, but not higher than, the above schedule.

Clients who participate in the Wrap Program will not be charged commissions on a transaction by transaction basis in connection with purchases and sales for their Accounts. Securities transactions are effected "net," i.e., without transaction based commissions, and a portion of the Wrap Fee is generally considered as being in lieu of commissions. This program may cost the client more or less than if management fees and commissions were charged separately. Custody fees payable to Pershing are not separately charged to client Accounts under the Wrap Program. Client are responsible, however, for miscellaneous administrative fees that may be charged by Pershing (e.g., retirement account custodial fees, safekeeping fees, wire transfer fees and any other administrative fees, a list of which is available upon request). Additionally, clients who are invested in any pooled investment vehicle or mutual fund will bear the expenses of that vehicle or fund. Fund expenses vary depending upon the fund selected. (See, "Types of Investments" below.)

Types of Investments

In providing services under the Wrap Program, City National Rochdale may invest in a variety of asset classes including small-, mid-, and large-cap equities and fixed income securities in domestic and international markets. Depending on the objectives of a particular client, City National Rochdale may recommend the use of various investment funds managed by City National Rochdale or its affiliates (including Royal Bank of Canada Funds) to capture potential return from specified asset classes. These funds include the investment portfolios of the City

National Rochdale Funds, an open-end management investment company registered under the Investment Company Act of 1940, as amended (the "Investment Company Act"), consisting of 11 mutual funds, (the "City National Rochdale Funds"). City National Rochdale is the investment adviser for and receives a management fee from each of the City National Rochdale Funds. City National Rochdale also offers its clients, who satisfy certain suitability and eligibility requirements, as applicable, interests in registered closed-end funds managed by City National Rochdale. These include the City National Rochdale High Yield Alternative Strategies Master Fund, City National Rochdale High Yield Alternative Strategies Fund and City National Rochdale High Yield Alternative Strategies Fund TEI (collectively "RHYAS"), City National Rochdale Select Strategies Fund ("CNRLX"), City National Rochdale Strategic Credit Fund ("CNROX," and together with CNRLX, the "City National Rochdale Interval Funds"), and City National Rochdale Structured Claims Fixed Income Fund ("RSCFIF") (collectively, the "Other Registered Funds"). All of these investment vehicles are managed by City National Rochdale and City National Rochdale receives a management fee from each of the Other Registered Funds.

City National Rochdale also offers its clients, who satisfy certain suitability and eligibility requirements, interests in other investment vehicles that are not registered under the Investment Company Act. As of the date of this Brochure, these include the Special Opportunities Fund Ltd and the Diversified Opportunities Fund Ltd (collectively, the "Offshore Funds"). All of the City National Rochdale Funds, together with the Other Registered Funds and the Offshore Funds are collectively referred to as the "Funds." City National Rochdale may organize other investment funds in the future. City National Rochdale receives fees for services to the Funds.

General Information Regarding "Wrap Fees" or "All-Inclusive Fees"

In establishing the Wrap Program fee schedules set forth above, City National Rochdale has taken into consideration a variety of factors including costs associated with investment management services, direct communication with the portfolio managers, detailed client reporting, custody of client assets through Pershing, as well as trading and clearing costs for trades executed through RIM. Depending, however, upon the level of the fee charged by City National Rochdale, the amount of portfolio activity in the client's account, the value of custodial and other services which are provided under the arrangement, and other factors, the cost of participating in the Wrap Program may exceed the aggregate cost of such services if they were to be separately purchased. Under the Wrap Program described above, securities transactions will be executed through RIM without commission. This may result in the receipt by the Adviser of investment advisory fees that are different than those received in connection with other investment advisory services provided by the Adviser and, in some cases, will be higher than fees paid by clients who bear their own commission costs. Similarly, fees retained by RIM may also be higher than those received under traditional commission based arrangements. This is because RIM will receive a fee regardless of the number of transactions performed during the quarter. In evaluating any wrap fee arrangement, a client should recognize that brokerage commissions or the execution terms of transactions in the client's accounts are not negotiated by City National Rochdale. Although generally the best price can be offered for listed transactions, no assurance can be given that such will continue to be the case.

City National Rochdale acquires clients in a variety of ways. The majority of clients, including clients that participate in the Wrap Program, are introduced to City National Rochdale by affiliated and unaffiliated third parties, including independent financial planners, investment advisors, consultants, CPAs, attorneys, and representatives of broker-dealers (sometimes referred to as "Referring Partners"). Referring Partners may or may not provide services directly to clients and clients may be responsible for fees relating to any such services. Any such services are provided solely by Referring Partners and not by, or on behalf of, the Adviser. Additionally, Referring Partners may be compensated for introductions to City National Rochdale. (See, Item 9 in this Wrap Fee Brochure for further information about the activities of Referring Partners.)

Item 5 Account Requirements and Types of Clients

City National Rochdale's clients consist primarily of individuals and pooled investment vehicles, such as the City National Rochdale Funds, Other Registered Funds, and Offshore Funds. Other clients include institutional clients, such as pensions and profit sharing plans, charitable organizations and a limited number of municipalities. City National Rochdale generally requires a minimum of \$1,000,000 of assets under management for a separately managed account relationship, but may waive this minimum in its sole and absolute discretion. If the account size falls below the minimum requirement due to market fluctuations only, a client will not be required to invest additional funds with the Adviser to meet the minimum account size. With respect to investments in the City National Rochdale Funds, Other Registered Funds, and Offshore Funds, initial and additional subscription minimums are disclosed in the offering documents of such Funds.

Clients are offered the choice of using the Wrap Program or having their Account managed as a separately managed account with commissions charged for each purchase and sale executed in the Account. City National Rochdale does not specifically recommend the Wrap Program to clients but rather allows the client and/or the client's financial advisor to determine whether to have their Account managed in the Wrap Program or as a separately managed account.

The Adviser may request that clients provide proof of authority, directed trading letters, qualified client or qualified purchaser status, accredited investor certifications, and/or other information to allow the Adviser to manage client assets.

Item 6 Portfolio Manager Selection and Evaluation

All of the portfolio managers responsible for client Accounts that participate in the Wrap Program are City National Rochdale professionals. Portfolio managers are selected to handle Accounts based on City National Rochdale's assessment of the client's individual circumstances, taking into consideration such factors as the type of client, age of the client, time horizon for investments, investment goals, cash flow needs, tax concerns and sensitivity to risk.

Clients receive regular and continuous communications concerning the activity and status of their Accounts. Clients receive trade confirmations for every security transaction that occurs as well as a monthly summary Account statement showing all activity in the Account during the previous month as well as the month-end market value, in each case distributed by RIM. In addition to this brokerage information, City National Rochdale provides a quarterly evaluation report that details the cost basis and current market value for each security in the portfolio and each asset class. This quarterly report also summarizes gains, losses, income and expenses, and provides the time-weighted net return of the portfolio. Clients also have the ability to view their Accounts at City National Rochdale's website, www.cnr.com. Various other reports may also be made available through the website from time to time. In appropriate cases, and as directed by clients, Referring Partners may receive copies of confirmations, statements, and quarterly performance reports, and they may also be afforded access to portfolio managers assigned to specific client Accounts.

In-person or telephonic conferences with clients are generally conducted at least annually. Clients are strongly encouraged to contact their portfolio manager directly. City National Rochdale also maintains a knowledgeable client service department with the capacity to answer a wide range of inquiries relating to the clients' Accounts. Clients are also encouraged to notify City National Rochdale immediately, either through the client service department or by contacting their portfolio manager, if there is any change in their investment objectives or financial condition.

In general, City National Rochdale hires professionals internally as portfolio managers on client Accounts. City National Rochdale generally requires that portfolio managers hold an MBA (or equivalent advanced degree) and/or the Chartered Financial Analyst designation (in most cases both) and have substantial industry experience. Portfolio managers are trained in all areas of a client's portfolio (e.g., stocks, bonds, alternatives). A critical part of the portfolio manager selection process is based on individual style and compatibility with the client. The performance of client portfolios is evaluated against appropriate benchmarks and Lipper averages for their specific asset class. Additionally, adherence to client established risk parameters are factors in performance expectations.

Securities positions are subject to constant re-evaluation and Accounts are reviewed frequently, on at least a quarterly basis. Review of portfolio management assignments and the handling of a client Account may be triggered by any one of a number of events including, but not limited to: 1) changes in general economic or investment market conditions; 2) a change in City National Rochdale's portfolio strategy or its outlook regarding the prospects of a particular portfolio holding or the consideration of the purchase of a new portfolio holding; 3) changes in the client's investment objectives or financial condition; and/or 4) the deposit or withdrawal of funds from a client's Account. Consideration will be given to replacing a portfolio manager if it is determined that the client is not satisfied with the performance of the Account or level of service provided by the existing portfolio manager.

Other Aspects of City National Rochdale's Investment Advisory Business

City National Rochdale provides investment management programs other than the Wrap Program. Portfolio managers responsible for Wrap Program Accounts are also involved in providing investment

management services to Accounts that are outside of the Wrap Program. Advisory programs available through City National Rochdale are described below. In managing Accounts in the Wrap Program and in providing services in connection with the advisory programs noted below, City National Rochdale seeks to intelligently personalize and customize client portfolios, based upon the individual circumstances and requirements of the client and taking into consideration such factors as the type of client, age of the client, time horizon for investments, investment goals, cash flow needs, tax concerns and sensitivity to risk. Each is described in more detail in the Adviser's "Firm Brochure."

City National Rochdale provides money management services to clients with portfolios of \$1 million and above, primarily on a discretionary basis. City National Rochdale works with each client to determine their portfolio needs and limitations, and designs an asset allocation and investment objective plan to meet their goals. Thereafter, City National Rochdale portfolio managers implement each plan, working directly with the client and their financial advisor, on a one-on-one basis. A typical client relationship will also have a third-party financial advisor to assist the client through the implementation process and work with City National Rochdale on the on-going portfolio management of the client's assets. This includes working with a client's already existing portfolio to efficiently build out what City National Rochdale believes to be an appropriate portfolio (i.e. utilizing existing securities where appropriate), managing across multiple types of accounts (IRA, trust, personal, joint, etc.), allowing clients to place restrictions on securities (industry, sector, etc.), types of securities (options, derivatives, etc.), and investment strategies (large cap, international, alternative, etc.), and managing a client's portfolio in seeking to meet a client's specific distribution needs and tax goals. To the extent the client elects to invest in pooled vehicles to implement an asset allocation program, such restrictions may not be appropriate. Except for the portion of each client's account that is invested in pooled vehicles, the account is managed separately from other clients of City National Rochdale (i.e., not commingled, securities are purchased for each client's personal accounts).

- Money Management Program. Intelligently personalized and customized portfolio implementation and management for clients that meet City National Rochdale's minimum net worth requirements (\$1 million portfolio value and above across all accounts managed). Clients pay a commission for security trades in a separately managed account.
- Galaxy Asset Allocation Program ("GAAP"). Clients electing to participate in this program will have their accounts managed by way of City National Rochdale's proprietary Galaxy Asset Allocation Program ('GAAP'). These are clients that generally do not meet the dollar threshold of the programs above (with some exceptions). GAAP enables risk profiling, target asset class allocation, standard mutual fund implementation of target asset class allocation, customization of mutual fund implementation, proposal generation, portfolio implementation based on implementation model, and portfolio management through periodic and/or event driven rebalancing. The Funds are managed by City National Rochdale, which receives investment advisory fees for such services. City National Rochdale may utilize GAAP directly with its mid net worth clients for which it has entered into an investment advisory relationship directly through City National Rochdale, an affiliated adviser, or through access provided by another broker-dealer or registered investment adviser that has entered into an agreement with City National Rochdale to offer GAAP on their platform. City National Rochdale charges a flat platform fee of between 25 and 35 basis points, depending on the account value, for use of this service.

- **Sub-advisory Services.** Where City National Rochdale acts as a sub-advisor, City National Rochdale is retained by an investment adviser who, in turn, has entered into a contract directly with the client. Under a sub-advisory arrangement, City National Rochdale may have limited contact with clients and will manage accounts according to the instructions of the investment adviser who has retained City National Rochdale to act in a sub-advisory capacity.

None of the investment advisory programs offered by City National Rochdale involve receipt of performance fees or other incentive compensation. These arrangements do not, however result in the receipt by any City National Rochdale employee of performance or incentive compensation and, accordingly, City National Rochdale does not believe that these arrangements give rise to any conflict of interest or offer any incentive for any of the firm's investment personnel, including the portfolio manager responsible for managing client Accounts in the Wrap Program to favor any vehicle over any other Account.

Methods of Analysis, Investment Strategies and Risk of Loss

The Adviser utilizes a variety of methods and strategies to make investment decisions and recommendations in connection with client Accounts in the Wrap Program, as well as in connection with other investment advisory programs. These methods entail an evaluation of investment opportunities using fundamental, technical, quantitative and qualitative analyses to determine the intrinsic value of securities and other types of instruments. These methods, strategies and investments involve risk of loss to clients and clients must be prepared to bear the loss of their entire contribution/investment. City National Rochdale employs the following investment strategies. These strategies may be constructed as a separately managed account or using proprietary or non-proprietary pooled investment vehicles.

Equity. The Adviser's equity strategy focuses on a broad range of equity investment styles, including growth, core, and value, as well as portfolios designed to be "style-neutral." Some client accounts focus on specific ranges on the capitalization scale, from micro-cap, through small-cap, mid-cap and large-cap, to mega-cap. Other client accounts will focus on investment opportunities in more than one capitalization category or across all capitalization levels.

US Large Cap Core Equities- The adviser pursues capital appreciation strategies by taking long positions in quality companies with above average growth potential in highly ranked industries.

U.S. Large Cap Select Core Equities - Seeks to provide aggressive capital appreciation, with current income as a secondary objective, through investments in the equity securities of companies with large and middle capitalizations.

High Dividend and Income. The Adviser pursues high dividend and income strategies by taking long positions in company with high dividend growth potential.

Emerging Markets. City National Rochdale pursues investment strategies by taking long positions in quality companies located in emerging Asian and Indian markets. The Advisor seeks to invest in quality companies with a focus on locally listed large, medium, and small cap companies that are broadly inaccessible to U.S. investors. On-the-ground research is conducted to provide direct insight and domain expertise.

Municipal High Income. City National Rochdale pursues an investment strategy that seeks to provide a high level of current income that is not subject to federal income tax.

Opportunistic Fixed Income. City National Rochdale pursues investment strategies by investing in fixed

income securities of any credit rating. The Adviser may seek to invest client assets across a spectrum of income yielding securities and primarily focuses on investments in high yield bonds (commonly known as “junk” bonds) issued by corporate and municipal issuers, in fixed and floating rate loans made to U.S. and foreign borrowers, and in domestic and foreign corporate bonds including asset backed securities and bank loans. The Adviser also invests in life insurance policies. The Adviser’s foreign investments include investments in companies that are operating principally in emerging market or frontier market countries.

Stock Options. City National Rochdale may use individual stock options to manage concentrated stock positions in a client portfolio. City National Rochdale may utilize a covered call option strategy as a means to manage concentrated stock positions and to potentially generate premium income for the client. Long put options may also be used to limit the potential decline of an individual stock held in a client portfolio.

Hedging. The Adviser utilizes a variety of financial instruments such as derivatives and options for risk management purposes.

Voting Client Securities

As a registered investment adviser with the SEC, City National Rochdale owes its clients a duty of care and a duty of loyalty at all times. This means that if granted the authority to vote proxies, City National Rochdale must always vote in its clients’ best interest. City National Rochdale must maintain copies of all proxy votes cast on a client’s behalf and will provide this information upon request. Upon opening an account with City National Rochdale, clients are given the option to delegate proxy-voting discretion to City National Rochdale by completing the appropriate documents. City National Rochdale will only exercise proxy-voting discretion over the client shares in the instances where clients give City National Rochdale discretionary authority to vote on their behalf. When voting on behalf of clients, City National Rochdale currently utilizes the services of a neutral third-party proxy voting service. This service provides City National Rochdale with a neutral recommendation on how a client’s proxy should be voted. In most instances, City National Rochdale will cast a client’s votes in accordance with the proxy voting service’s recommendation. However, in the event City National Rochdale feels that the suggestion provided by the proxy voting service is not in the clients’ best interest, City National Rochdale may vote against such recommendation. In the instance City National Rochdale decides not to go with the recommendation provided, City National Rochdale shall keep an internal memorandum detailing its reasons for doing so. City National Rochdale also has authorization to vote the underlying mutual fund shares of the City National Rochdale Funds. Clients may obtain a copy of the Adviser’s proxy voting policies and procedures and information about how the Adviser voted a client’s proxies by contacting Michael Lukaj (Chief Compliance Officer) by email at Mike.Lukaj@cnr.com or by telephone at (212) 702-3500.

Item 7 Client Information Provided to Portfolio Managers

Each client must fill out a comprehensive questionnaire and provide proof of financial means prior to opening an Account with City National Rochdale. Information regarding each client’s risk tolerance, investment objectives, and financial condition is documented and used to construct a customized investment portfolio for the client. As indicated above, in-person or telephonic conferences with clients are generally conducted at least annually. Clients are strongly encouraged to contact their portfolio manager directly and to notify City National Rochdale immediately if there is any change in their risk tolerances, investment objectives or financial condition.

Item 8 Client Contact with Portfolio Managers

Clients are strongly encouraged to contact their portfolio managers directly when needed. Portfolio managers are available during normal business hours. City National Rochdale imposes no additional restriction or limitation on a client's access to their portfolio manager. Clients are also encouraged to notify City National Rochdale immediately, either through the client service department or by contacting their portfolio manager, if there is any change in their investment objectives, risk tolerances or financial condition.

Item 9 Additional Information

Disciplinary Information -- Neither City National Rochdale nor any of its management persons have been involved in any legal or disciplinary events that would be material to a client's or prospective client's evaluation of our advisory business or the integrity of our management.

Other Financial Industry Activities and Affiliations -- Certain officers and/or directors associated with City National Rochdale serve as officers, directors, analysts and/or portfolio managers of one or more the following entities: City National Rochdale, an SEC registered investment adviser; Symphonic Financial Advisors LLC, an SEC registered investment adviser; Symphonic Securities LLC, a FINRA registered broker-dealer; Symphonic Insurance LLC, a state registered insurance agency; and/or RIM Securities LLC, a FINRA registered broker-dealer. City National Rochdale's relationship as an investment adviser to the City National Rochdale Funds, Other Registered Funds, and Offshore Funds are material to City National Rochdale's advisory business. As described above, certain clients may invest in the City National Rochdale Funds, Other Registered Funds, Offshore Funds, and/or affiliated mutual funds. City National Rochdale and/or its officers, employees and directors may also be investors in these vehicles. Although there is some potential for conflicts of interest, City National Rochdale believes these are not material in light of the requirements of the Code of Ethics adopted by City National Rochdale and in light of the fact that, to the extent that City National Rochdale or any employee, director or officer is an investor in the Funds, each shares in any gains or losses proportionally with all other investors.

Code of Ethics, Participation or Interest in Client Transaction and Personal Trading -- City National Rochdale has adopted a Code of Ethics (the "Code") expressing the firm's commitment to ethical conduct. City National Rochdale's Code of Ethics describes the firm's fiduciary duties and responsibilities to clients and sets forth the practice of supervising personal securities transactions of employees. Individuals associated with City National Rochdale may buy or sell securities for their personal accounts identical to or different than those recommended to clients. It is the expressed policy of City National Rochdale that no person employed by City National Rochdale shall place his or her own financial interest over that of an advisory client or make personal investment decisions based on the investment decisions of advisory clients.

To supervise compliance with the Code, City National Rochdale requires that employees with access to advisory recommendations ("Access Persons") or other inside information provide quarterly securities holdings reports and quarterly transactions reports to the Compliance Department. City National Rochdale also requires all such employees receive prior approval from the Compliance Department prior to effecting transactions meeting certain criteria. All individuals employed by City National Rochdale must sign, no less than annually, an attestation confirming their receipt and comprehension of the Code.

City National Rochdale requires that all individuals must act in accordance with all applicable federal and state regulations governing registered investment advisers. Certain employees are also subject to the ethics rules for broker-dealers, professional designation practices and other ethics rulemaking bodies. City National Rochdale's Code further includes the firm's policy prohibiting the use of material non-public information. Any individual not in observance of the Code may be subject to discipline. City National Rochdale will provide a complete copy of its Code of Ethics to any client upon request.

Client Transactions in Securities where Adviser has a Material Financial Interest -- City National Rochdale has discretionary authority over its clients' investment Accounts and initiates the transactions in such accounts. RIM acts as an introducing broker for many client accounts and RIM Securities charges a

commission rate of \$29 per trade executed for accounts not managed in the City National Rochdale Wrap Program.

City National Rochdale and RIM may facilitate the purchase and sale of a security between two or more clients without either City National Rochdale or RIM being the seller or the buyer. This is known as an “internal cross” transaction and is only performed under client authorization. Prior to engaging in an internal cross transaction, City National Rochdale and RIM will ensure that the transaction is in the best interest of all client parties involved by ensuring the price is fair, and properly disclosing all known potential conflicts. Neither City National Rochdale nor its affiliates will receive compensation for effecting internal cross transactions.

City National Rochdale and RIM do not enter into transactions where client securities are purchased from or sold to brokerage customers of RIM in what is known as an “agency cross” transaction.

Investing in Securities Recommended to Clients -- City National Rochdale and/or related persons may purchase, sell or hold positions in certain investments that are recommended to, or implemented for, any of its clients. If City National Rochdale holds securities for itself that it also recommends to or implements for clients, the following restrictions and disclosure procedures are maintained for the protection of clients:

- City National Rochdale will recommend to or implement for its clients the purchase or sale of the same securities held, purchased or sold by City National Rochdale or any associated person only if such transaction is consistent with the objectives of the client.
- The clients’ interest will be placed before City National Rochdale in such purchases and sales to assure that, on any given day, (a) the timing of the transaction will not put the client at a disadvantage, and (b) the price obtained for the client will be the same or more advantageous than that obtained for City National Rochdale or any associated person.
- Employees deemed to have knowledge of client trading activities will be regarded as Access Persons and will be required to gain approval for all personal securities transactions.

Review of Accounts -- Each client account is reviewed by their portfolio manager or his designee on an ongoing and regular basis to determine whether securities positions should be maintained in view of current market conditions. Matters reviewed include specific securities held, adherence to investment guidelines and the performance of each client account. Factors prompting an immediate review of Accounts include significant market events affecting the prices of one or more securities in clients’ Accounts, changes in the investment objectives or guidelines of a particular client, or specific arrangements with particular clients may trigger reviews of a client’s Accounts on an immediate basis.

Clients receive regular and continuous communications concerning the activity and status of their Accounts. Clients receive trade confirmations for every security transaction that occurs, as well as a monthly summary account statement, showing all activity in the account during the previous month as well as the month-end market value. In addition to this brokerage information, City National Rochdale provides a quarterly evaluation report that details the cost basis and current market value for each security in the portfolio and each asset class. This quarterly report also summarizes gains, losses, income and expenses, transactions and provides the time-weighted net total return of the portfolio. Clients also have the ability to view their Accounts at City National Rochdale’s website, www.cnr.com. Various other

reports may also be made available through the website from time to time. In appropriate cases, and as directed by clients, Referring Partners may receive copies of confirmations, statements, and quarterly performance reports and may also be afforded access to portfolio managers assigned to specific client Accounts.

Client Referrals and Other Compensation -- City National Rochdale may make cash payments to third-party solicitors for client referrals, provided that, to the extent required, each such solicitor has entered into a written agreement with the Adviser pursuant to which the solicitor will provide each prospective client with a copy of City National Rochdale's Form ADV Part 2, and a disclosure document setting forth the terms of the solicitation arrangement, including the nature of the relationship between the solicitor and City National Rochdale and any fees to be paid to the solicitor. Where applicable, cash payments for client solicitations will be structured to comply fully with the requirements of Rule 206(4)-3 under the Investment Advisers Act of 1940, as amended, and related SEC staff interpretations.

The majority of clients are introduced to City National Rochdale by affiliated and unaffiliated third parties including independent financial planners, investment advisors, consultants, CPAs, attorneys, and representatives of broker-dealers (previously referred to in this Wrap Fee Brochure as "Referring Partners"). Clients referred to City National Rochdale by a Referring Partner, enter into an investment advisory contract directly with City National Rochdale. Referring Partners may provide to client (but are not required by City National Rochdale to do so) other services such as researching money management services, assisting clients with financial planning and investment objective-setting, coordinating communications between the client and the manager, and monitoring performance and other such services to insure that clients' needs are being met. Referring Partners may or may not provide these services, and clients should review with Referring Partners those additional services that are being provided by Referring Partners and the fee assessed for those additional services, which may be deducted by City National Rochdale for remittance to Referring Partners. Any such services are provided solely by Referring Partners and not by, or on behalf of, City National Rochdale. Referring Partners charge a fee in addition to City National Rochdale fees.

Financial Information – Not applicable.

Item 10 Requirements for State-Registered Advisers

Not applicable.
